Longleat Mobile Rally

24th JUNE

'73

Nº 11

Souvenir Programme

From the Bristol Group Chairman . . .

I am most happy to see this Rally growing in popularity - beyond the wildest dreams of the early days! Last year we had several thousand signing in, representing the largest ever attendance. This year, whichever way the attendance goes, it is going to be a thoroughly enjoyable event and I hope that you personally will agree that your journey was worth while. The venue of course is ideal for this kind of thing and is probably unsurpassed anywhere in the country - I could say in Europe and not exaggerate.

The Bristol Group is most grateful to our host, The Marquis of Bath, for his consistent generosity in allowing us to occupy this site for the 16th time. Our gratitude is also due to all who support the Rally and we hope to see you again, here, for many rallies to come. I feel I must thank the Rally Co-ordinator, Tony, G8CKJ, for getting the event swinging again with such apparent ease and aplomb. I know that he and his helpers have worked very hard again, and on behalf of the Bristol Group, "Thanks Tony".

73,

Ted Halliday, G3JMY

HAROLD LEONARD, G4UZ

Region 9 Rep.

**is in attendance and available to meet
members to discuss problems
and suggestions.**

Burns Electronics

A map should not be necessary and the station will not be located in any place not open to the public, or where additional entry fees are payable.

There will be a prize for the first in.

CONGRATULATIONS!

Bristol Amateur Radio Club is 10 years old in September of this year.

Although not the first, the present BARC is the most successful and longest lasting Amateur Radio Club in Bristol, and this year celebrates 10 years of activity covering DF hunts, CW training etc., and participation in NFD and similar contests. Membership is steadily increasing and all are welcome at 24 Bright Street, Barton Hill, Bristol on Tuesdays at 7.45 p.m.

A reunion of past and present members is being planned for Aug./Sept. when a good gathering is expected.

BRISTOL CONTEST

You still have a chance to win a crate of best quality sherry for working the greatest number of Bristol stations. Read the rules on the notice board at Reception.

Bristol Activity Award

Have you got your certificate yet? A copy of this together with the points scoring and rules are on display at Reception. Find out what you're missing!

R.S.G.B. 1913 - 1973

DIAMOND JUBILEE

The RSGB acts as the only spokesman for the Radio Amateur in the UK. It is recognised and respected by the national and international telecommunications controlling authorities. Remember - An amateur has NO RIGHTS to transmit, this being a privilege granted by Minpostel.

You need the RSGB. The RSGB needs you. Membership application forms at Reception.

HAVE YOU SIGNED IN AT RECEPTION?

From the Rally Organisers . . .

Welcome once again to Longleat. Your continuing enthusiastic support makes the Rally what it is and I hope you have an enjoyable day.

Longleat has always been an event "organised for Amateurs by Amateurs" and we try each year to introduce something different into a well established formula. Last year the "work the DX" station created some interest, although not too many people actually did! This we have year for the first time a mini direction finding hunt which we hope has received sufficient publicity for you to have brought your top band portable (you could "screw down" the XYL's MW portable!). Perhaps this could become a regular feature if well supported.

Have you any ideas about what you would like at Longleat Rally? If so, let me or any committee man know, or write them down and send them to me QTHR.

This year too we welcome the Swindon Amateur Radio Club who will be showing their latest ideas in constructional projects. Perhaps your club is doing something you would like more people to know about? If so, now is the time to start thinking whether a table at next year's Longleat could help.

Something different again this year is the stand by the Warminster Branch of the S.S. "GREAT BRITAIN" Restoration Society. We wish them every success in this interesting and very worthwhile project.

I take this opportunity to remind you that the Bristol Group does not receive any admittance fee and relies entirely upon your support of the raffle and souvenir programmes etc. to remain solvent for the next year.

May I finally offer my sincere thanks to all those who over the past year and today have given their time and effort in order that Longleat Rally can take place. Hoping to see you next year.

73,

Tony, G8CKJ

**Please support the
Warminster Branch of
THE RED CROSS
who attend voluntarily in the
interests of your safety.**

**Use the NOTICE BOARD
at Reception to arrange a
rendezvous or just to find
out who's here.**

**Please observe Radio Silence in the Park from
10.00 hrs. to 17.00 hrs.**
