18th
Longleat Mobile Rally
29th June, 1975

N^o 512

SOUVENIR PROGRAMME

From the Rally Organiser . . .

Welcome to the 18th Longleat Mobile Rally of the City of Bristol RSGB Group.

We all hope that it will be a fine day, especially for the sake of our visitors and hope you will meet old and new friends and to be able to put the faces to some of the newer callsigns.

A word of thanks is due to the many people who have worked so hard to arrange this event. It is of course, only through your continuing enthusiastic support that Longleat Rally today celebrated its 18th anniversary. The best way we can show our appreciation of their efforts is to enjoy ourselves thoroughly and thus make this a really memorable day.

We do express our thanks to the Marquis of Bath for allowing this event to take place in his grounds, to the dealers for their support and to members and visitors; without their presence, Longleat Mobile Rally would not be what it is today.

We are again running the mini-DF contest which was well received last year.

I take this opportunity to remind you that the Bristol Group does not receive any admittance fee and relies entirely upon your support of the raffle and souvenir programmes, etc. to remain solvent for the next year.

73, G3ULJ.

Harold Leonard G4UZ, Region 9 (Devon and Cornwall) and

Gordon Mather G3GKA, Region 20 (Avon, Somerset and Gloucester)

as elected representatives of these new regions are in attendance and available to meet members to discuss problems and suggestions.

R • A • I • B • C

are present to meet members

and discuss their problems.

LOWE ELECTRONICS

TRIO

On the Lowe Electronic's stand at today's Rally you can see the very best in amateur radio gear available today. We carry the most comprehensive range of equipment both large and small, from the TS900, best HF Transceiver on the market, to accessory plugs and sockets. All modes and all bands are catered for and all sales backed by service which is second to none. Our service department is the finest in the country and our combined experience on all makes of amateur equipment cannot be bettered.
